OVERVIEW

Rennae is a seasoned Senior Financial Consultant with deep expertise in full-spectrum accounting, financial management, and strategic advisory services. A trusted expert controller, bookkeeper and empathetic client partner, adept at elevating organizational financial practices through precision, insight, and practical problem-solving.

Clients value her hands-on, profit-minded approach combined with her commitment to transparency, accuracy, and ability to positively collaborate with internal teams and third-party service providers ensures the proper management and on-going reliability of core financial systems.

Her proven expertise in identifying, correcting, and strengthening financial processes and internal controls to drive operational efficiency and long-term sustainability. Rennae brings extensive experience managing multiple clients across diverse industries—delivering excellence in financial system selection and integration, transaction processing, month-end close, and preparation of financial statements in remote and cloud-based environments.

Rennae has a keen ability to design and implement inventory control systems for manufacturing firms, wholesale distributors, and web-based retailers, optimizing accuracy and traceability. Rennae is well-versed in U.S. GAAP, audit standards, and regulatory compliance frameworks, with specialized knowledge in nonprofit accounting, including grant management and complex budget development.

With over two-decades of expertise as a QuickBooks ProAdvisor Program Advisor at the Elite level, Rennae serves as a trusted advisor to during times of growth, restructuring or transition.

TTI ASSESSMENT

Rennae's TTI assessment reveals her to be an enthusiastic communicator, a critical and systematic thinker, diligent in making data-driven decisions. She is team oriented and prefers a collaborative approach when resolving data, task, or workflow issues. She has an acute awareness of stakeholder, social, economic and political implications of financial and system decisions.
